

MAP OF S.E.A. AQUARIUM

ZONES

1 Shipwrecked!
At one of our largest habitats, discover how shipwrecks turn into artificial reefs that support animals like the zebra shark!

2 School of Fish
Think you know everything about the ocean? Test your marine knowledge, learn about marine record holders, discover Singapore's marine biodiversity, and more. You'll also get to see over 5,000 fishes and even touch a few at the Discovery Pool.

3 Ocean Diversity
Fishes are not the only animals in the ocean! Come gaze at our dolphins and about 1,000 photogenic sea jellies as you marvel at all that the ocean holds!

4 Open Ocean Habitat
Our centerpiece attraction is home to over 40,000 marine animals across 120 species, including reef manta rays – you can also watch them glide by above you at the Ocean Dome!

5 Quirky Adaptations
Be amazed by nature's quirky creatures such as unique looking elephant fish and squirrelfish. If you are interested in the hidden wonders of animal husbandry, don't forget to top-up your aquarium experience with the Behind The Scenes: Aquarist Lab programme.

6 Underwater City
Discover why coral reefs – large underwater structures that are almost city-like – are so important to the marine ecosystem!

7 Apex Predators of the Sea
Be amazed by over 100 sharks across 12 species, like the tawny nurse shark and the critically endangered scalloped hammerhead shark, which has almost 360° vision.
